E57 Community Consultation Report

9, 16, 23 and 30 August 2025

LAING O'ROURKE

This E57 Community Consultation Report provides a summary of consultation undertaken in accordance with Condition of Approval (CoA) E57 with respect to Out-of-hours Work (OOHW) activities proposed at the Footbridge St Marys site.

OOHW is required to carry out activities within the rail corridor, which can only occur during a scheduled Sydney Trains trackwork period. An OOHW application has been submitted to the Project Environmental Representative (ER) for approval before the work commences. The application includes a detailed outline of the construction activities, methodology, assessment of potential noise impacts, and a schedule of the required works.

The OOHW application will be reviewed and endorsed by the Sydney Metro Director of Project Communications and the Project Environmental Representative prior to works commencing.

1.1 OOHW activities include.

- FRP works in the footbridge deck compound
- Reinforcement tying
- Concrete pours for the footbridge concourse deck, deflection walls and footing foundations
- Harris St Compound (32-34 Harris St) will be utilised to support the above activities.

1.2 Work period.

The proposed works are scheduled to take place during the following periods:

From 7am to 3pm on Saturdays 9, 16, 23 and 30 August.

2. Conditions of Approval E57 - Community Consultation on Respite

Condition of Approval E57 states: To undertake out-of-hours work outside the work hours specified under Condition E38, appropriate respite periods for the out-of-hours work must be identified in consultation with the community at each affected location on a regular basis. This consultation must include (but not be limited to) providing the community with:

- (a) a progressive schedule for periods no less than three (3) months, of likely out-of-hours work;
- (b) a description of the potential work, location, and duration of the out-of-hours work;
- (c) the noise characteristics and likely noise levels of the work; and
- (d) likely mitigation and management measures which aim to achieve the relevant noise management levels (NMLs) under Condition E43 (including the circumstances of when respite or relocation offers will be available and details about how the affected community can access these offers).

The outcomes of the community consultation, the identified respite periods and the scheduling of the likely out-of-hour work must be provided to the ER, EPA and the Planning Secretary prior to the out-of-hours work commencing.

Note: Respite periods can be any combination of days or hours where out-of-hours work would not be more than 5 dB(A) above the RBL at any residence.

4. Appendix A - Communications collateral

Notification - St Marys Station footbridge - Specific Notification for OOHW in August 2025

Sydney Metro – Western Sydney Airport

Notification – St Marys Station footbridge

August 2025

Transport for NSW is delivering a new footbridge and northern plaza at St Marys Station as part of the Sydney Metro – Western Sydney Airport project.

Work activities in August

- excavating and installing utility services, such as water and sewer on Harris Street and near the multi-storey car park (up to 10 parking spaces will be temporarily unavailable during this work)
- delivering and removing materials and equipment via Hobart Street, Harris Street, Glossop Street, and Forrester Road
- continuing electrical, hydraulic, excavation and concrete work on all station platforms and within the Harris Street work area.

What to expect

- workers and vehicles in and around work sites, laydown areas, and station platforms
- traffic control and signs as needed
- construction equipment in use including excavators, saw cutters, trucks, cranes, concrete pumps, power tools, and survey equipment.

When and where we'll be working

Standard working hours are 7am to 6pm, Monday to Friday, and 8am to 1pm on Saturdays.

Subject to approvals, we will be working extended hours for concrete pours from:

- 7am to 3pm on Saturday 2 August, Saturday 9 August, Saturday 16 August, Saturday 23 August and Saturday 30 August.
- 6pm to 7am between Monday 25 August to Saturday 30 August (work will not be continuous).

Subject to approval, building materials will be delivered to the Harris Street site approximately three to four times per week between 6pm and 6am on weeknights from Thursday 21 August to Friday 29 August.

Please refer to the map showing our work and laydown areas, and parking impacts.

Managing our impacts

We aim to minimise impacts on the community and environment by:

- installing safety and security fencing around our work areas
- reducing noise by turning off machinery when not in use and using noise barriers where we can.

Planned work outside of standard hours over the next three months

Planned activities (subject to approval) include excavation, structural steel, concrete, electrical, drainage and hydraulic work on the following dates:

- Saturday 6 September to Monday 8 September
- Sunday 21 September
- Saturday 11 October to Monday 13 October
- Saturday 25 October to Monday 27 October
- Saturday 29 November to Monday 1 December.
