This E57 Community Consultation Report provides a summary of consultation undertaken in accordance with Condition of Approval (CoA) E57 with respect to Out-of-hours Work (OOHW) activities proposed at the Footbridge St Marys site.

E57 Community Consultation Report

Saturdays 10, 17, and 24 May 2025

LAING O'ROURKE

An OOHW application has been submitted to the Project Environmental Representative (ER) for approval before the work commences. The application includes a detailed outline of the construction activities, methodology, assessment of potential noise impacts, and a schedule of the required works.

The OOHW application will be reviewed and endorsed by the Sydney Metro Director of Project Communications and the Project Environmental Representative prior to works commencing.

1.1 OOHW activities include.

- Reinforcement tying
- Pouring of Concrete for footbridge concourse deck, deflection walls & footing foundations
- Harris St Compound (32-34 Harris St) will be utilised to support the above activities.

1.2 Work period.

The proposed work will be carried out between 7am and 3pm on Saturdays 10, 17 and 24 May 2025.

2. Conditions of Approval E57 - Community Consultation on Respite

Condition of Approval E57 states: To undertake out-of-hours work outside the work hours specified under Condition E38, appropriate respite periods for the out-of-hours work must be identified in consultation with the community at each affected location on a regular basis. This consultation must include (but not be limited to) providing the community with:

- (a) a progressive schedule for periods no less than three (3) months, of likely out-of-hours work;
- (b) a description of the potential work, location, and duration of the out-of-hours work;
- (c) the noise characteristics and likely noise levels of the work; and
- (d) likely mitigation and management measures which aim to achieve the relevant noise management levels (NMLs) under Condition E43 (including the circumstances of when respite or relocation offers will be available and details about how the affected community can access these offers).

The outcomes of the community consultation, the identified respite periods and the scheduling of the likely out-of-hour work must be provided to the ER, EPA and the Planning Secretary prior to the out-of-hours work commencing.

Note: Respite periods can be any combination of days or hours where out-of-hours work would not be more than 5 dB(A) above the RBL at any residence.

4. Appendix A - Communications collateral

Notification - St Marys Station footbridge - Specific Notification for OOHW in May 2025

Sydney Metro – Western Sydney Airport

Notification – St Marys Station footbridge

May 2025

Transport for NSW is delivering a new footbridge and northern plaza at St Marys Station as part of the Sydney Metro – Western Sydney Airport project.

Work activities in May

- lifting in new footbridge concrete beams across the train tracks and constructing new stairways
- excavating and installing utility services, such as water and sewer on Harris Street and near the multi-storey car park (up to 10 parking spaces will be temporarily unavailable during this work)
- delivering and removing materials and equipment via Hobart Street, Harris Street, Glossop Street, and Forrester Road
- continuing electrical, hydraulic, excavation and concrete work on all station platforms and within the Harris Street work area
- oversized deliveries to and from the Harris Street work area that will need temporary removal of up to 10 parking spaces before, during, and following the weekends of **3 - 4 May** and **31 May - 1 June**.

What to expect

- workers and vehicles in and around work sites, laydown areas, and station platforms
- traffic control and signs as needed
- construction equipment in use including excavators, saw cutters, trucks, cranes, concrete pumps, power tools, and survey equipment.

When and where we'll be working

Standard working hours are **7am to 6pm, Monday to Friday**, and **8am to 1pm on Saturdays**.

Please refer to the map showing our work areas and parking impacts.

In May, some work will take place continuously during scheduled Sydney Trains trackwork weekends. Work is planned from:

- **1am Saturday 3 May to 4am Monday 5 May**
- **1am Saturday 31 May to 4am Monday 2 June**.

Key activities will include installing the footbridge concrete beams and stairs, and concrete work on all platforms.

We will also be working extended hours from **7am to 3pm on Saturday 10 May, Saturday 17 May and Saturday 24 May**.

Managing our impacts

We aim to minimise impacts on the community and environment by:

- installing safety and security fencing around our work areas
- reducing noise by turning off machinery when not in use and using noise barriers where we can.

Planned work outside of standard hours over the next three months

Planned activities (subject to approval) include excavation, concrete, electrical and hydraulic work on the following dates:

- Saturday 14 June to Monday 16 June
- Saturday 21 June to Monday 23 June
- Saturday 5 July to Monday 7 July
