E57 Community Consultation Report

8, 22, and 29 August 2026

LAING O'ROURKE

This E57 Community Consultation Report provides a summary of consultation undertaken in accordance with Condition of Approval (CoA) E57 with respect to Out-of-hours Work (OOHW) activities proposed at the Footbridge St Marys site.

OOHW is required to carry out activities within the rail corridor, which can only occur during a scheduled Sydney Trains trackwork period. An OOHW application has been submitted to the Project Environmental Representative (ER) for approval before the work commences. The application includes a detailed outline of the construction activities, methodology, assessment of potential noise impacts, and a schedule of the required works.

The OOHW application will be reviewed and endorsed by the Sydney Metro Director of Project Communications and the Project Environmental Representative prior to works commencing.

1.1 OOHW activities include.

- Concourse Fit Out
- Sydney Trains Building Fit Out
- Service reticulation within building and concourse

1.2 Work period.

The proposed works will be carried out between 07:00 and 15:00 on Saturday 8, Saturday 22 and Saturday 29 August 2026. Out of Hours Periods 1 13:00-15:00 (daytime) and Out of Hours Period 2 07:00-08:00 (night).

2. Conditions of Approval E57 - Community Consultation on Respite

Condition of Approval E57 states: To undertake out-of-hours work outside the work hours specified under Condition E38, appropriate respite periods for the out-of-hours work must be identified in consultation with the community at each affected location on a regular basis. This consultation must include (but not be limited to) providing the community with:

- (a) a progressive schedule for periods no less than three (3) months, of likely out-of-hours work;
- (b) a description of the potential work, location, and duration of the out-of-hours work;
- (c) the noise characteristics and likely noise levels of the work; and
- (d) likely mitigation and management measures which aim to achieve the relevant noise management levels (NMLs) under Condition E43 (including the circumstances of when respite or relocation offers will be available and details about how the affected community can access these offers).

The outcomes of the community consultation, the identified respite periods and the scheduling of the likely out-of-hour work must be provided to the ER, EPA and the Planning Secretary prior to the out-of-hours work commencing.

Note: Respite periods can be any combination of days or hours where out-of-hours work would not be more than 5 dB(A) above the RBL at any residence.

4. Appendix A - Communications collateral

Notification - St Marys Station footbridge - Specific Notification for OOHW in August 2026

Sydney Metro – Western Sydney Airport

Notification – St Marys Station footbridge

August 2026

Transport for NSW is delivering a new footbridge and northern plaza at St Marys Station as part of the Sydney Metro–Western Sydney Airport project

Work activities in August

- installing steel, cladding, glass panels and roofing for the new footbridge
- building and fitting out new lifts and escalators
- footpath, landscaping and pavement work on Harris Street and near the multi-storey car park
- installing hydraulic, electrical, mechanical, fire and other utility services
- delivering and removing materials and equipment via Hobart Street, Harris Street, Glossop Street, and Forrester Road.

Planned night and weekend work

In August, work on the new footbridge and station platforms will take place continuously during a planned Sydney Trains trackwork weekend from **10pm Friday 14 August to 7am Monday 17 August**.

Subject to approvals, we will be working extended hours during the following periods:

- Saturdays from **7am to 3pm** on **1, 8, 22 and 29 August**
- weeknights from **6pm to 6am** between **Monday 3 August and Friday 7 August** and between **Monday 24 August and Friday 28 August** to install platform tactile markers, and to remove the temporary fencing on the platforms.

Building material and equipment may be delivered to our work areas between **6pm and 6am** on **weeknights**.

Our standard working hours are **7am to 6pm, Monday to Friday**, and **8am to 1pm** on **Saturdays**.

What to expect

- two accessible parking spaces in the multi-storey commuter car park remain unavailable to provide safe space for work activities in the new plaza area
- up to 16 parking spaces will be temporarily unavailable on Harris Street for weekend work, night work and deliveries
- temporary footpath closure on Harris Street, with pedestrian detours in place
- temporary delays accessing the multi-storey commuter car park at night as we carry out asphalt and kerb work
- construction equipment in use will include excavators, saw cutters, trucks, cranes, concrete pumps and lighting towers.

Managing our impacts

We aim to minimise impacts on the community and environment by:

- installing safety and security fencing around our work areas
- reducing noise by turning off machinery when not in use
- managing vehicle and pedestrian access with traffic control and signs.

Planned work outside of standard hours over the next three months

We are planning work on Saturdays from **7am to 3pm** on **5, 12, 19 and 26 September**.
