Dear Resident

Transport for NSW is delivering a new footbridge and northern plaza at St Marys Station as part of the Sydney Metro – Western Sydney Airport project.

From **1am Saturday 6 September** to **7am Monday 8 September**, we will be working continuously during a planned Sydney Trains trackwork weekend. Planned activities include excavating in work areas, investigating and relocating utility services, adjusting platform hoarding, removing temporary support structures, installing drainage, steel and stair canopy parts, removing existing canopy and delivering materials.

We will be working in multiple areas, including Harris Street, Forrester Road, the station platforms and within the rail corridor. Work will also take place near the multi-storey commuter car park on Harris Street.

Laydown areas will be used to store construction materials and equipment and will be located within the rail corridor off Forrester Road, off Glossop Street, and on Hobart Street.

Offer of respite

Where work is required outside standard construction hours, a noise assessment is prepared in accordance with the project's planning approval. We have done a noise assessment for the planned weekend work and understand there may be noisy work near your property. For this reason, we would like to offer you respite from the predicted noise impact of construction work in line with the Construction Noise and Vibration Standard on individual properties.

In line with the project's Detailed Noise and Vibration Impact Statement, each person in your household is eligible for three \$25 entertainment vouchers (for cinemas, Zone Bowling, or Timezone) for work occurring on **Saturday 6 September** and **Sunday 7 September 2025**.
