Dear Stuart

RE: Endorsement of Laing O' Rourke - Sydney Yards Access Bridge: Regent Street Site Archaeological Method Statement

Thank you for providing the following document for Environmental Representative (ER) review and endorsement as required by the Condition of Approval (CoA) A24(d) of the Sydney Metro City & Southwest project (SSI – 15_7400 January 9 2017).

Sydney Yards Access Bridge: Regent Street Site Archaeological Method Statement, 4 September 2017

As an approved ER for the Sydney Metro City & Southwest – SYAB project, I have reviewed and provided comment on this document and now consider it appropriate for implementation to mitigate construction impacts to potential non-aboriginal (historic) and aboriginal archaeological deposits within the Regent Street at the location of excavation works for installation of the Sydney Yard Access Bridge (SYAB).

Yours sincerely,

Annabelle Tungol Reyes
Environmental Representative – SM C&SW – SYAB
