Dear Stuart

RE: Endorsement of Laing O' Rourke Construction Noise and Vibration Management Plan for Sydney Metro City and Southwest - Sydney Yard Access Bridge

Thank you for providing the following documents for Environmental Representative (ER) review and endorsement as required by the Condition of Approval (CoA) C7 of the Sydney Metro City & Southwest project (SSI – 15_7400 January 9 2017).

Sub-plan (CoA C3):

- Construction Noise and Vibration Management Plan Revision 3 Final to DPE dated 12 April 2017

With reference to the Acoustic Advisor (endorsement letter dated 28 April 2017) and as an approved ER for the Sydney Metro City & Southwest project, I have reviewed and provided comments on these document and consider the referenced version appropriate for endorsement for DPE review and approval as the Construction Noise and Vibration Management Plan for the construction works to be conducted by Laing O' Rourke for the Sydney Metro City & Southwest – SYAB project.

It is noted that the associated Construction Noise and Vibration Impact Statement will continue to be developed for this work site, including review and endorsement by the Acoustic Advisor and the Environmental Representative.

Yours sincerely

Annabelle Tungol Reyes
Environmental Representative – SM C&SW – SYAB and HV
