Review of	Sydney Yard Access Bridge Construction Noise and Vibration Management Plan (CNVMP)	Document reference:	V.08 dated 1/3/18 (received for review 28/2/18)
Prepared by:	Dave Anderson		
Date of issue:	29 March 2018		

As approved Acoustic Advisor for the Sydney Metro City & Southwest project, I have reviewed and provided comment on the Construction Noise and Vibration Management Plan (CNVMP) for the Sydney Yard Access Bridge works, as required under A27 (d) of the project approval conditions.

The management plan was revised to address my comments and I endorsed version 0.3 in April 2017. The plan has now been subject to periodic review and I endorse Revision V.08.
